

How to Change Your Future Investment Choices in Account Access

modeferredcomp.org | 800-392-0925

Follow the directions below to change how your future payroll contributions will be invested. Before you do, be sure to carefully consider your time horizon, tolerance for risk and future financial needs before making a decision as each saver's financial situation may be different. .

- 1.) **Log in to Account Access** by visiting www.modeferredcomp.org or through the **ESS Portal**.
- 2.) **Select Future Allocations** from the drop down box in the middle of the page.
- 3.) **Choose your new investment allocation** by entering the percentage of your choice for the fund(s) you want your future payroll contributions to be invested in. Select **Next** when complete. **Note: All three columns must equal 100% even if you're not considering a rollover or have a Roth contribution.**

Missouri 2050	<input type="text" value="0"/> %	<input type="text" value="0"/> %	<input type="text" value="0"/> %
Missouri 2055	<input type="text" value="0"/> %	<input type="text" value="0"/> %	<input type="text" value="0"/> %
Missouri 2060	<input type="text" value="0"/> %	<input type="text" value="0"/> %	<input type="text" value="0"/> %
Missouri 2065	<input type="text" value="0"/> %	<input type="text" value="0"/> %	<input type="text" value="0"/> %
TOTAL	0%	100%	100%

- 4.) **In the pop-up window, choose Change Future Allocation Only** if you only want to change how your future contributions are invested. If you want to also change how your existing funds are invested, select **Change Current and Future**.
- 5.) **Review your changes and click Submit** if the information on the confirmation page is correct. If additional changes are needed, select the **Previous** button.
